

Optimized VAr Management

AutoCap™ Series AC100 Programmable Capacitor Control

FEATURES:

Reliable Field Programming

- New Easy Read/Set User Interface
- Simplified Setup/Status Display
- Field Programmable - No Laptop Required
- Improper Setup Alarm Notification Feature

Efficient Installation

- Easy to Handle/Mount Enclosure
- Low Profile Design

The AC100 Series Capacitor Control provides Voltage, Time, or Temperature primary control with programmable override. The controller setup can be performed completely from the easy to program front panel LCD interface or downloaded from a laptop via USB connection.
